

5 August 2019

Works notification: Power relocation and temporary closure of Rosala Avenue pedestrian overpass

Mid August – Early September 2019

To make way for the widening of the West Gate Freeway, we need to relocate some high voltage power lines on to a new monopole, allowing for the removal of the existing lattice tower in the reserve behind Houston Court.

High-voltage powerline relocation works

These works include:

- assembling the new monopole using large cranes and elevated work platforms
- moving power lines from the existing high voltage lattice tower to the new monopole
- removing the existing lattice tower.

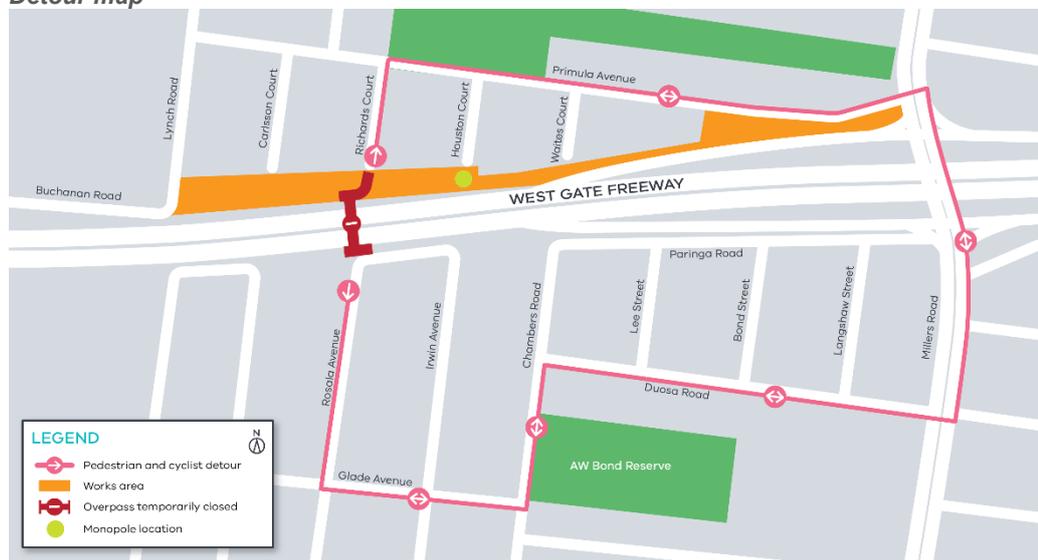

Temporary closure of Rosala Avenue overpass

For the safety of pedestrians and cyclists, we need to close the pedestrian overpass over the West Gate Freeway linking Rosala Avenue and Richards Court while we work on the power cables overhead.

The overpass will be closed daily between 6am - 8pm and reopen nightly between 8pm – 6am from 16 August to 8 September 2019.

An alternative pedestrian/bicycle route has been established while these works are being completed – please see map below.

Detour map

What to expect during these works:

- several large cranes, construction vehicles and equipment will be located in the reserve behind Houston and Richards Court
- low level construction noise from cranes and elevated work platforms
- dust and dirt will be minimised by using water spray trucks, street sweepers and covering dirt and rock when it is being transported
- please observe on-road signage and check our website for up to date local traffic changes www.westgatetunnelproject.vic.gov.au/travel disruptions

For updates and more information about our works, please visit westgatetunnel.vic.gov.au or contact us using the details below.

Latest traffic updates will be available at www.westgatetunnelproject.vic.gov.au/travel disruptions

Please note that works and timings may change in the event of bad weather or other unavoidable circumstances. Thank you for your patience whilst we undertake these important works.
