WORKS REMINDER

Night works and ramp closure of Williamstown Road inbound exit ramp

Further to our previous notification on 30 March, *Works notification: Ongoing works at Williamstown Road / West Gate Freeway interchange – reference WES1804.01*, we wish to advise of ongoing night works on the Williamstown Road inbound exit ramp.

Barrier guardrail removal

We need to remove the barrier guardrail on the current Williamstown Road inbound exit ramp to make space for the new ramp.

Where

- Williamstown Road inbound exit ramp, next to the right turning lane (see map over page). A full ramp closure will be in place.

When

- 16, 17 and 20 May 2018;
- 9pm - 5am, nightly.

What to be aware of

- equipment used for these works include rattle guns and hydraulic hammer attachments on an excavator which will result in short periods of increased construction noise; and
- work crews will aim to complete noisy activity on the first night to minimise impact to the surrounding community;

We will try to complete these works ahead of schedule and notify residents and businesses if there are any significant changes to the program.

Please note that works may be rescheduled in the event of bad weather or other unavoidable circumstances.

For updates and more information about our works please visit westgatetunnel.vic.gov.au or contact us using the details below.
